

### HOMELESS STREET PEOPLE

*We are amazed how God works. A homeless street person in the eyes of the world has no value, like a piece of stone. No-one has time to listen to their voice: "I need something warm to wear; I feel ill and need a quiet place to sleep and recover; I need identity papers so that I can sleep at the station. I just want to go home but I don't have money to buy a train ticket. I just want to eat some warm food etc..."*

*Opening the door to them, in the sight of other people, they think is crazy. But what we are learning, is that for every person we meet we are richer as a person. To be humble in this new generation, people think is crazy, the world wants to give no help, no money, no time. But we look to grandpa as a testimony that God can change people. We many times asked ourselves if Grigore did not ask grandpa to stay with us, how would his life be now? God is good and now grandpa is a person that helps others, even us. To take care of the rubbish, collecting it and taking it out on bin-day, cleaning the yard, looking after the front house, the grass and other things is a big blessing. And he does it because he likes to, not because we ask. And we say every day thank you God for the help you sent us.*

### SPORTS ACTIVITIES

*A new generation of basketball team has started to meet at the hall. It all started from the classmates of our son Timi.*

*After Grigore started to play with them, other youths started to come. May God bless this new start to reach out to the youth! [We had a busy program in the hall before Covid, but after lockdown everything needed to restart, and none of the user groups wanted to help pay towards the heating! Ed.]*

*It is our prayer that God continues to work through us. That He will protect our health and make us strong to be a light for kids, families, street people, youth and all the others around that God puts in our way. At the same time we pray for you, part of the ministry is now going on because you have an open heart and supply finance. God bless you and reward each of you!*

### Teius Rapid Football Team

*Over the years we have provided small amounts of sponsorship to the local football club, as a gesture of goodwill. Last year the money went to buy waterproof jackets. My intention was that we sponsored the junior team, not the senior team.*

So, I will have to be more specific next time! **Ed.**
