

## F.E.B. in Teiuș - Continued

### Computer Screens for the School

*Continuing the theme of sorting out what we had in stock - we gave 8 flat computer screens to the primary school - to replace the old box type they were using. 2 screens to each year 1-4 at the school. (Thanks to Kim Oultram at Howard Worth of Northwich - Ed.)*

### Disabled Children

*We call this program "Parents for a Day" because one of the key benefits is to provide respite care for the parents.*

*We found sponsorship to buy tricycles for two disabled children. It is a dream that their parents could never afford, because this kind of bike is 400 Euros each in Romania. Daniel, 10 years old, was not able to ride a normal bike, because of deficiencies with his limbs. When we give him the bike he could not believe it is his! Ionut, 11 years old, has autism, and*

*in the last few years he took on a lot of weight, because of his sedentary lifestyle. He loves his bike a lot and he is using it all the day at home. We Praise the Lord for the money that we got to help them. We continue to pray for two more. One for Nicusor a boy with Downs Syndrome, and one to have at the foundation so they can ride in the yard when we meet with them. Emelia, 9 years old, suffers from epilepsy and we helped make her an eco-dress from paper for a competition at school.*

### Sport

*Children continue to come each day after school to play basket ball, tennis, table-tennis and use the facilities at the Hall.*

### The Start of a New Year

*At the start of the year we are working to fix anything that got broken last year. We need repairs to the trampoline. We have a lot of work to get the accounts into a fit state to hand over to the new lady who will look after them. We praise God for all the people that He sends us, and we praise God that we are able to make a reception and toilets for the Hall. It will be a blessing that the children can take off their outside shoes before entering the sports area. It will be much easier to clean. We hope that in the Autumn we can start the legal papers for a public building. We continue to help the street people that God sends us, with food, clothes, shoes, or to take a shower. We also talk and listen to them. In God every soul can find hope. It is a blessing every moment when we can stay under God's will and see the miracles He does in people around us.*

*We pray that God will reward your help, the time you spent for activities from here and also for your payers! God bless you all!*
