

BERINDEI

We are the Bold family: Petrisor and Roxana with our 3 children: Naomi, Rahela and Timotei. In June 2019 we moved to Berindei in the south of Oltenia County to help expand the kingdom of God. Currently we are involved in church planting activities:

- Children's groups
- Evangelism on the street
- Discipleship group
- Various social projects

At Christmas I succeeded in collaboration with other churches to distribute gifts to the children at Berindei school.

We preach the gospel to people, but we also seek to serve in the direction of material needs. We are happy to help with food those families who are in need.

Personal evangelism on the streets is a good way

to find people where they are in life. In this way we present to people the good news. Your prayer, support and encouragement will help us to move on.

DANEASA SCHOOL

Daneasa is the parent town of the commune containing the village of Berindei. The schools in Berindei and Daneasa share the same Mathematics teacher - Ion Stan - who distributes the children's clothing we supply. Ion was very disappointed that my visit in March 2020 was cancelled due to the virus, and hopes very much that we

will not forget the teachers and their children after the virus is over. We have been helping the school in Berindei since 2010 - so hopefully this will continue. The photos show children wearing sweat shirts from Rowlinson Knitwear. **Ed.**
