

Fundația Emanuel Betania in Teius

Greetings to all of you!

First of all we want to say a big 'Thank You' for financial help to pave the yard ... this has made a big difference and created a lot of space for the children to use. We like to have an open door for the children to come and play any time they like. They like skateboard, football and roller skates. They also use the Hall. We put the trampoline outside, which is more comfortable in summer time than inside when it is very hot. Thank you very much for opening this opportunity, and we pray that God will bless you!

Spring time came with lot of change in our life too. We discovered God in a new way through the power of the Holy Spirit, so that we can say like Job: "that we heard much about Him but now our eyes see Him". We Praise God for this. God will make a revival in Romania; and now He prepares people to face this hard work. So we chose to say Yes to God for this, and He started a lot of work within us. This is not comfortable or easy from a human perspective. There is a lot of cutting and cleaning in our lives. A lot of times when we believed that we were doing good things in the past, we now see we did not have God's anointing. So now we are learning to do things differently, to listen to God and have His anointing. We found out that the Holy Spirit comes when we listen to Him. It is not by prayer or Charismatic experiences ... it is just simply by listening to Him that you are filled with the Holy Spirit. Each disobedience will empty us of the Holy Spirit. That is why most of us are empty, no Holy Spirit. So now we place all the future is in His hands Praise God!

All the children we support finished school well and enjoyed the summer holiday. Over the summer we continued with the disabled children program, and all the time we also had children from homework club attending. We discovered they have a new passion to make jigsaw puzzles. After we finished some we put them in a frame, to keep them safe and one picture. Maybe in the future we can do this as an extra activity in an art week.

Listening to God we did not have a summer camp for children this year. Instead we had a day trip to Turda Salt Mine. The time we spent with the children was a blessing. We did not have to plan what to do with them because God did everything through us at the right time. We enjoyed every corner of the Mine.

We had to wait a long time in the queue to go with boats on the brine lake. It really was a miracle how God gave determination to the disabled children to wait quietly for this. No-one wanted to miss it. When they were in the boats there was a large smile was on their faces ... for most being the first time in a boat. We enjoyed what God chose for the children... it was a perfect day, Praise Him!
